Traditional Redistricting Principles

Preventing a Districting from becoming a Gerrymander

There are a number of criteria that have been used nationally and upheld by courts.

- Relatively equal size - people, not citizens
- Contiguous – districts should not hop/jump
- Maintain “*communities of interest*”
- Follow city and census designated place boundaries
- Keep districts compact – appearance/function

What's Next

The City Council can make use of these mapping options in a number of ways.

- **Identify preferred plan(s)** with an understanding that none of these are final plans. *It is an iterative process.*
- **Suggest possible changes** – Redistricting Partners can provide adjustments to the boundaries.
- **Put out for public input** – the public will be very willing to tell us where we got the lines wrong. Input is our ally in developing final plans.
